The VETRITE Collection

Large Format Glass Panels - a luxurious surface cladding.

Now available at ALL 3 North Carolina
Francini Inc. Locations

Committed to the Carolina's

[VIEW COLLECTION](#)

Francini Inc. is proud to offer an exclusive collection: Vetríte by SICIS.

The unique composite of Vetríte makes it a versatile material for anything from counters to floors, and lighting to custom built works of art.

Vetríte is the first collection of large format glass panels by SICIS. In the creation of Vetríte, glass is combined with fabric and polymeric film in order to create a composite product able to meet the most ambitious aesthetic, technical and environmental targets.

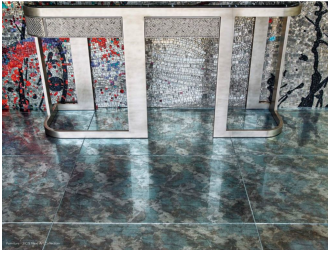

Vetrite provides the freedom to think about cladding without any kind of constraint in style.
